**Beginning August 2nd
Monday Hours

As of June 27th, 2021, the Houston Volunteer Lawyers will no longer have a department devoted to people living with HIV. That does NOT mean they cannot still help!

Moving forward, all persons seeking assistance through the Houston Volunteer Lawyers (HVL) will need to go to their website to check your eligibility. Please check with a Client Services Representative to see if you still qualify for assistance or if you need help filing out the application due to technological limitations.

Please visit www.legalhelpouston.org to fill out your questionnaire/application or call 713-228-0735 for more details

AUGUST UPDATES

by Client Services

If your birthday is in the month of August or February, it is time for you to update with ACCT.

August birthdays will require a full update to include signing all necessary paperwork with a Client Services Representative as well as turning in all required documentation.

February birthdays will require a phone call to a Client Services Representative which may also require documentation to be if your income, residency or insurance information has changed.

Failure to do so will result in your file being put in discharge status and further services with ACCT to be suspended until documentation or signatures are completed.

If you are on ADAP through the Ryan White Program, you will need to contact UTMB. If you are receiving HOPWA services, you may need to update information with a HOPWA representative as well.
